

His Only Medicine

Mr. George D. Potter, West Medway, Mass., a veteran member of the Boston Fire Department, who went to California in 1886 to hunt for gold, and who celebrated the 72d anniversary of his birthday recently, praises Duffy's Pure Malt Whiskey as a never-failing stimulant and tonic.

"For thirty years I have not been able to do much work without a very hot cup of coffee, but this did not do me any good. I am troubled with indigestion and feeling spells. At such times I can't get any food. I have tried many things, but nothing has helped me. I would recommend it to all who are troubled with weakness or indigestion. I am 72 years old."—GEORGE D. POTTER, West Medway, Mass.

Thousands of letters like the above are received daily from grateful patients from all parts of the world, attesting the marvelous benefits derived from the world's greatest tonic stimulant.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ of the seed and producing a predigested liquid food in the form of a pale malt, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances renders it so that it can be retained by the most sensitive stomach. If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It is dangerous to fill yourself with drugs; they poison the blood, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere. Duffy's Pure Malt Whiskey has stood the test of time; it has been analyzed by the most skillful chemists during the past fifty years and has always been found absolutely pure and to contain great medicinal properties.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold only in sealed bottles, never in bulk. Look for the trade-mark, the "Old Chemist" on the label, and make sure the seal over the cork is unbroken. Price, \$1.00. Illustrated medical booklet and doctor's advice free. Duffy's Pure Malt Whiskey Co., Rochester, N. Y.

The University of California has recently received from the Oxford University Press, Oxford, England, a number of copies of Volume II of the University of California Publications in Graeco-Roman Archaeology. This contains the second part of the Tebtunis Papyri which were discovered in Egypt in the winter of 1899-1900 by explorers working for the University of California at the expense of Mrs. Phoebe A. Hearst. The Papyri edited in the new volume show a few fragments of Greek classical literature, the most important being a page or so of the long lost Greek original of the work on the

Trojan war attributed to Dicaeas of Croton. The greater part of the Papyri deals with the affairs of daily life in Egypt during the first, second and third centuries, A. D. They show such things as leases, deeds, contracts, bills, inventories of property, tax receipts, reports of government officials, legal processes, and the like. There are also a number of letters of private parties. These Papyri have been edited with translations and notes of Dr. B. P. Grenfell and Dr. A. S. Hunt of Queen's College, Oxford, with the assistance of Dr. Edgar J. Goodspeed of the University of Chicago, who deciphered many of the Papyri.

GERMANY WILL CLEAN OUT ARMY SCANDAL

BERLIN, Germany, Nov. 29.—The German Minister of War, von Einem, in a speech in the Reichstag today, admitted the fact that unethical practices were greatly increased throughout Berlin, but declared that the allegations made by Harden against Eulenberg and von Hohenhausen were untrue. Herr Hebel, the leader of the Radicals, spoke in answer to the Minister, and stated that the views revealed by Harden were so prevalent throughout the army that unless the police brought the guilty ones to justice a scandal would break out that would eclipse the Panama scandal or that in connection with the Dreyfus case in France.

LIME COMPANY

WITH IMPROVED MACHINERY
STARTS NEW WORKS

The Waianae Lime Company has opened up for business. The works, located over near the oil tanks, are practically in running order.

The kilns are of the latest design known to the science of lime manufacture. Oil is used for fuel, and when once the fires are started there is no let up. The only times that the kilns will be cold is when necessary repairs are to be made.

The kilns are in the shape of steel cylinders, eight and a half feet in diameter and thirty feet long and stand on end. The foundation on which these massive cylinders stand is composed of a lower layer of coral, and on top of this a thick layer of cement. An incline railway leads to the upper stories of the two kilns for the purpose of feeding the raw material into the cylinders. At the bottom are hoppers that receive the cooked material and it is discharged through steel roller doors at one side that work on cogged mechanism.

These kilns import \$125,000 worth of lime annually from the mainland, and it can be seen that this new institution, if properly handled, has a prosperous future before it. It is reported that the limestone quarries at Waianae are of an almost inexhaustible nature.

GOOD BASEBALL

AND LAU

AT WAIPIO

(Special to The Bulletin). Kukuhaele, Hawaii, Nov. 28.—On Thanksgiving Day, Mr. Purdy, the Hamakua Supervisor, and Mr. Kawai, the Road Supervisor, gave a public luncheon at Waipio.

All the road-workers of the district were invited. Everybody was welcomed.

Under a beautiful luncheon of ferns and ti-leaves stood a splendid table, where poi, fish, pork and meats were served. The day was clear and a large crowd from all around came and partook of the feast. After all the Hamakua had had their dinner, the boys started out at once to play ball. Kukuhaele has organized lately a new team and this is the first time the boys have played together.

The Honolulu town team challenged Kukuhaele and they were defeated 12 to 7. The game began at 1 o'clock and was through about 3:30. It was an interesting contest. The ball often landed in the water and the rice fields. Some of the players in trying to make home runs fell into the river and got soaked. When the game was over everybody helped themselves to pig and poi and started home.

The Kukuhaele team expects to play the Honolulu team on Sunday, Dec. 8.

The line-ups were:
Kukuhaele—Henry E. Lee, ss; Sam Kalahiki, p; Keahi, c and capt; Chas. Bell, 3b; Sol. Burke, 2b; Jay Kuhns, rf; David Nix, cf; P. Kama, lf; Thomas Kina, 1b.

Honolulu—Sam Kamae, c; P. Bell, 2b; Charles, 2b; Wm. Kaso, 1b; Pestano, ss and capt; P. Hart, cf; Sam Hall, p; Jno. Purdy, rf; Geo. Russell, lf.

Score—Kukuhaele 12, Honolulu 7.

TEN DAYS TRIAL ENDS IN A DISAGREEMENT

After a trial lasting ten days, and after deliberating from 5 o'clock yesterday afternoon until 9 o'clock this morning, the jury of Judge Robinson's court, in the damage suit brought by Weedon against Chapin, reported that they were unable to agree, and were discharged.

Judge Robinson once reminded the jury that the trial had lasted a long time and had cost the Territory over \$400 and admonished them to come to an agreement if they possibly could, but after another consultation they reported that there was no possibility of their being able to do so.

This means that the case must be tried all over again. It will not, however, be immediately re-tried, but will probably be heard by Judge De Bolt next term.
